

LEGGARI EPOXY PIGMENTS

Technical Data Sheet

PRODUCT DESCRIPTION

Leggari Epoxy Pigments are oil carrier based liquid products designed to be added to clear Leggari Metallic Epoxy. These pigments turn our Clear Metallic Epoxy into a solid color epoxy and are used in Leggari's Stone and Exotics lines. Each pigment is offered in measurements to pigment either a 1.5 gallon kit or 3 gallon kit.

ADVANTAGES

- Two Sizes. Pigment 1.5 or 3 gallons of Leggari Metallic Epoxy
- Creates Natural Stone Looks
- Mix-and-match colors
- Multiple color options
- Artisan friendly
- 7 colors: soft tan, camel, burnt caramel, ash gray, dolphin gray, milk chocolate, and jet black.

SINGLE COMPONENT

- Leggari Pigment 1.5 gallon
- Leggari Pigment 3 gallon

SAFETY

Review current Safety Data Sheet(s) and all relevant documentation before installation. Safety conditions and personal protective equipment must be considered before using any Leggari® product.

MIXING AND APPLICATION

- Thoroughly mix Leggari Clear Metallic Epoxy using Leggari's 3P2 Mixing Process.
- Separately measure out recommended amounts of epoxy according to the kit you purchased.
- Measure out recommended amount of pigment and mix thoroughly into Leggari Metallic Epoxy for consistent pigmentation and application.

NOTE: Be sure to watch the full tutorial video provided that is specific to your project. For additional assistance, contact Leggari Customer Service at customerservice@leggari.com.

DISCLAIMER

PRODUCT FAILURE DUE TO IMPROPER INSTALLATION OR DEVIATION FROM THE RECOMMENDED USES &/OR APPLICATIONS WILL BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR/INSTALLER TO COVER THE PRODUCT COST, AND LABOR.

IN THE CASE OF A PRODUCT DEFECT BEING THE REASON, A JOINT WARRANTY WOULD COME INTO EFFECT. IF THIS WERE TO TAKE PLACE LEGGARI PRODUCTS LLC WOULD REPLACE THE PRODUCTS SOLD (NOT TOOLS & EQUIPMENT) AND THE CONTRACTOR OR INSTALLER WOULD COVER THE LABOR.
